   a) H20-01: Sculpture at 381 S. Main, Kellogg Park (Triangle area at/near S. Union and Ann Arbor Tr.)

9) REPORTS AND CORRESPONDENCE

10) ADJOURNMENT

Citizen Comments - This section of the agenda allows up to 3 minutes to present information or raise issues regarding items not on the agenda. Upon arising to address the Commission, speakers should first identify themselves by clearly stating their name and address. Comments must be limited to the subject of the item.

Persons with disabilities needing assistance with this should contact the City Clerk’s office at 734-453-1234 Monday through Friday from 8:00 a.m. - 4:30 p.m., at least 24 hours prior to the meeting. An attempt will be made to make reasonable accommodations.
City of Plymouth Strategic Plan 2017-2022

GOAL I - QUALITY OF LIFE

OBJECTIVES
1. Support the neighborhoods with high-quality customer service
2. Engage in collaboration with private entities and surrounding municipalities to implement the Joint Recreation Master Plan
3. Improve communication with the public across multiple platforms
4. Maintain a high level of cleanliness throughout the City
5. Support and host a diverse variety of events that foster community and placemaking

ONE YEAR TASKS 2019-2020
- Restore operations for recreation programs after Hines Park bridge repairs are completed
- Explore funding and partnership opportunities to increase and enhance pedestrian crossings
- Finalize City website update
- Develop and adopt a Master Plan for Kellogg Park, including the fountain
- Develop and implement strategy to market sponsorship opportunities to improve publicly owned assets
- Draft and approve amendments to Tree Ordinance to clarify implementation, enforcement, and scope

GOAL II - FINANCIAL STABILITY

OBJECTIVES
1. Approve balanced budgets that maintain fiscal responsibility
2. Advocate for increased revenue sharing with the State of Michigan
3. Encourage and engage in partnerships, both public and private, to share costs of services and equipment
4. Address the issue of legacy costs
5. Seek out and implement efficient and effective inter-departmental collaboration
6. Market our successes to attract new economic and investment opportunities

ONE YEAR TASKS 2019-2020
- Continue to support Michigan Municipal League (MML) efforts to coordinate state initiatives related to revenue sharing with municipalities
- Increase awareness of and support the MML Save MI City campaign
- Target revenue enhancements that support large capital projects, including grants and millages
- Explore internal and external potential for supplemental funding of legacy costs
- Develop a plan for capital improvement funding projects and purchases
- Explore enhanced investment opportunities

GOAL III - ECONOMIC VITALITY

OBJECTIVES
1. Continue to support and improve active, vibrant downtown branding
2. Support community and economic development projects and initiatives
3. Support a mix of industrial, commercial and residential development
4. Reference the Master Plan in economic decision-making

ONE YEAR TASKS 2019-2020
- Complete and approve the DDA Master Plan
- Address and implement recommendations in the Redevelopment Ready Communities baseline report
- Develop and approve city-wide economic development strategies (Saxton’s property, parking system, connections between Old Village and the DDA, Bathey property remediation and development, 240 N. Main, Lumber Mart site)
- Identify other properties of significance to the economic development strategy
- Complete a community survey
- Increase collaborations with partners in the community
- Administer the City’s Master Plan using implementation matrix (Appendix Table 5)

GOAL IV - SERVICE AND INFRASTRUCTURE

OBJECTIVES
1. Support administration and staff by providing professional development opportunities, supplying resources, and maintaining a commitment to recruitment, retention and succession planning
2. Support and deliver safe and responsive emergency services
3. Maintain a sophisticated and responsive technology to communicate and manage data
4. Continually record, maintain, update, and improve City infrastructure

ONE YEAR TASKS 2019-2020
- Begin implementation of parking recommendations for City parking system
- Develop and utilize consistent message and branding across all platforms
- Develop and approve plan for future delivery of emergency services
- Implement infrastructure asset management plan
- Approve agreement on sanitary sewer with Western Township Utilities Authority (WTUA)
Plymouth Historic District Commission
Meeting Minutes
Wednesday, December 4, 2019 – 7:00p.m.
Plymouth City Hall Commission Chambers

City of Plymouth
201 South Main Street
Plymouth, Michigan 48170

1. CALL TO ORDER
Chair Polin called the meeting to order at 7:01 p.m.
PRESENT: Linda Filipczak, Linda May, Joshua Mrozowski, John Townsend, and Colleen Polin
ABSENT: Jeremy Borys & Stanley Cole
Also present was Community Development Director, John Buzuvis and City Commission Liaison, Suzi Deal.

2. CITIZEN COMMENTS
None.

3. APPROVAL OF THE MEETING MINUTES
a) A motion was made by Comm. Townsend and seconded by Comm. May to approve the meeting minutes from November 6, 2019 as amended.
MOTION PASSED 5-0

4. APPROVAL OF THE AGENDA
A motion was made by Comm. Filipczak and seconded by Comm. May to approve the agenda as presented.
MOTION PASSED 5-0

5. COMMISSIONER COMMENTS
Chair Polin thanked Mr. Bake for his part in the making of the Plymouth documentary “A Rich History” produced by, Mark Salloum.
Mr. Bake thanked Chair Polin for the kind remarks.

6. OLD BUSINESS
None.

7. NEW BUSINESS
a). H19-10: Rear Porch at 260 S. Union
Bob Bake, owner explained the materials proposed for the rear porch. The applicant proposes replacement of the newel posts and balustrades on the rear porch and explained the deterioration over the years. The applicant proposes to use a composite material, he explained to withstand the weather elements and presented photos to the board. He then explained his goal was to repair the damaged wood it will require removing the entire railing system and replacement with the composite materials. The applicant also indicated to the board that he intends to replace the roof shingles and asked for that approval from the board as well. The applicant indicated the new shingles would match the existing shingles exactly and he has a sample in his vehicle.
Board Discussion

Comm. Townsend spoke about the applicant’s synopsis asking to only replace the damaged wood and asked for clarification on the proposed work. The applicant answered he intended to replace the entire railing system and porch components with a composite material. Comm. Townsend asked if the composite would match the existing and the applicant responded it would be 95% there. Comm. Townsend asked the applicant if he has had the wood looked at by an expert to determine that it would in fact need to be replaced rather than being repaired and the applicant indicated he had and that the primary components were damaged beyond repair and could not be worked into the new product proposed.

Comm. Filipczak asked about the proposed railings and posts not matching the existing and the applicant responded that he could not obtain a photo of the square balustrade he would be using. Chair Polin explained that there are 39 historic properties within the Cities historic district and spoke about the Secretary of Interior standards regarding repairs being like for like are allowed and do not require HDC approvals. Chair Polin felt the original submittal and what the applicant is now proposing are different and a detailed materials list, samples and other required information was not included with the application packet.

Comm. Mrozowski asked the applicant what exactly is being proposed, are the replacements proposed different from what is existing? The applicant explained the handrails are an exact replacement, the balusters will be square. He asked the board to look beyond the lack of a detailed drawing with dimensions. Comm. Mrozowski asked if the replacements would be also made of wood and the applicant stated they would be made of a plastic composite material.

Chair Polin asked if the roof replacement would be like for like and the applicant responded yes, it was. John Buzuvis explained to the applicant that he would need to pull a building permit for the roof replacement and as long as the replacement materials match the existing exactly HDC approval would not be required.

Comm. Townsend was concerned about not receiving actual samples and asked the applicant to provide them. The applicant suggested the board request a $2500 bond to ensure compliance.

Chair Polin explained to the applicant, part of the application is to look at the materials presented. It is not just about the aesthetics the board also looks at the content, quality and how the materials match with the detailed information. There is a set of standards in place that is applied to every applicant, having a complete application assists us to in making informed decisions.

There was discussion on possible motions and the applicant’s missing information needed for re-submission.

The applicant withdrew his application.

8. REPORTS AND CORRESPONDENCE

Mr. Buzuvis spoke about the January 2020 meeting. Mr. Buzuvis explained the actual meeting date falls on the first of January and the need to change it to an alternate date.

It was decided to change the meeting date in January to Thursday, January 9th @ 7PM.

City Commission Liaison, Suzi Deal thanked the board for their work and consistency with each applicant, she appreciated their commitment to the Historic District board.

Chair Polin thanked the board also and wished them a very Merry Christmas and holiday.

9. ADJOURNMENT

A motion was made by Comm. Townsend, supported by Comm. May, to adjourn the meeting at 7:58 p.m.

APPLICATION FOR DETERMINATION OF APPROPRIATENESS

Please consult the following submittal checklist to ensure you submit a complete application and supporting information about the type of work proposed.

Property Location (Address of Work): 260 S. Union

□ Contributing Structure  □ Non-Contributing Structure

Building Owner: BOB BAKE

Building Owner Address: 1303 PARK PLACE, PLMOUTH

Phone: 734-649-2175  Email: harbor.bobbake@gmail.com

Applicant: BOB BAKE

Phone: Same as above  Email: Same as above

Applicant’s Role: □ Building Owner □ Architect □ Contractor □ Other

TYPE OF WORK PROPOSED (Check all that apply):

□ New Construction  □ Sign / Awning Install / Replacement

□ Addition  □ Fence Install / Replacement

□ Alteration  □ Paving Install / Replacement

□ Window Replacement  □ Wall Install / Replacement

□ Door Replacement  □ Landscaping Install / Replacement

□ Roof Replacement  □ Siding Replacement

□ Siding Replacement

Application Deadline: The Historic District Commission typically meets the first Wednesday of each month. Please confirm meeting date as meeting schedules may change due to holidays or other unforeseen circumstances. Application material must be completed and submitted to the Community Development Department by 3:00PM on the third Monday of the previous month in order to be placed on the agenda for the following month’s meeting. Please check the city’s website for exact submission deadlines.

PLEASE PROVIDE TEN (10) COPIES OF ALL SUBMITTALS
Submittal must include index of sheets (what is included) and all sheets must be numbered and dated.

Applicant's Signature  Robert W. Bake  Date  11-17-19

I, as the Building Owner, confirm with my signature below that I am aware of and approve the work proposed.

Building Owner’s Signature  Robert W. Bake  Date  11-17-19

Rear Porch Repair
HD Mtg 12/4/19
1. Synopsis: description of the project in words.

This work is to replace only the weathered/damaged wood balusters and/or portion of handrails on an open-air porch on the west elevation of 260 S. Union. This is a replacement of porch components approved by the HDC in 1994 and installed in 1994. The open-air porch was added in 1994 and functions as an entrance for owners or employees only. This replacement of railing components is minor in nature and as stated in my email of October 30th is proposed to be composite mirroring the existing 1994 HDC approved renovation of the structure. The proposed replacement will go unnoticed by the public.

2. Detailed justification of why item needs to be replaced:

An up-close physical viewing would confirm the minor nature of the work proposed and the deterioration of the existing wood railing system.
Deteriorated wood railing damage.
Address: 260 S. Union
Year Built: Unknown, Remodeled 1923
Historical Significance: Architecture

Proposed Changes: Replace Railings/Balusters on Rear Porch

Standards for Rehabilitation

1. A property will be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.
2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property will be avoided.
3. Each property will be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.
4. Changes to a property that have acquired historic significance in their own right will be retained and preserved.
5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved.
6. Deteriorated historic features will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture, and, where possible, materials. Replacement of missing features will be substantiated by documentary and physical evidence.
7. Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.
8. Archaeological resources will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.
9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.
10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
SAMPLE MOTION LANGUAGE

1. Motion to Approve Application
I move that the Commission issue a Certificate of Appropriateness for application number _. The Findings of Fact are as follows: (list facts of finding). The work as proposed meets the Secretary of the Interior’s Standards for Rehabilitation standard number(s) _ and would give consideration and/or significance to the City of Plymouth Ordinance review criteria number(s) _. Vote “Yes” to approve application. Vote “No” to deny application.

2. Motion to Approve Application with Conditions
I move that the Commission issue a Certificate of Appropriateness for application number _, provided that the following conditions are met: (list conditions). The Findings of Fact are as follows: (list facts of finding). The work would then meet the Secretary of the Interior’s Standards for Rehabilitation, standard number(s) _ and would give consideration and/or significance to the following City of Plymouth Ordinance review criteria number(s) _. Vote “Yes” to approve application with conditions. Vote “No” to deny application with conditions.

3. Motion to Postpone Review
I move that the Commission Postpone Review of application number _ until the next regular meeting scheduled for _. Vote “Yes” to approve postponing the review. Vote “No” to deny postponing the review.

4. Motion to Deny Application
I move that the Commission issue a Certificate of Appropriateness for application number _. The Findings of Fact are as follows: (list findings of facts that do not warrant the project’s approval). The work as proposed does not meet the Secretary of the Interior’s Standards for Rehabilitation, standard number(s) _ and would not give consideration and/or significance to the following City of Plymouth Ordinance review criteria number(s) _. Vote “No” to deny the application. Vote “Yes” to approve the application.

Note: Voting “No” to positively framed motion is the easiest way to deny an application’s request for a Certificate of Appropriateness. FYI: Making a motion for approval and then voting “No” to deny is the same as making a motion to deny an application and then voting “Yes”.

5. Motion to Issue a Notice to Proceed
May be used in special conditions or emergencies.
I move that the Commission issue a Notice to Proceed for application number _. The Findings of Fact are as follows: (list facts of finding). The work as proposed does (not) meet the Secretary of the Interior’s Standards for Rehabilitation, standard number(s) _ and would (not) give consideration and/or significance to the following City of Plymouth Ordinance review criteria number(s) _. The work which is approved with this Notice to Proceed is as follows: (list approved work). The work that is not approved/not appropriate requires the following conditions to be met: (list conditions). The proposed work will substantially improve or correct the following: (list notice to proceed options). Additional work desired which is not approved within this Notice to Proceed is to be resubmitted for a Certificate of Appropriateness. Vote “Yes” to approve notice to proceed. Vote “No” to deny notice to proceed.

RECEIVED

JUL 22 2019
CITY OF PLYMOUTH COMMUNITY DEVELOPMENT
SUBMITTAL CHECKLIST

New Construction / Additions / Alterations:
☑ Completed Application for Determination of Appropriateness
☑ Synopsis: description of the project in words
☑ Completed materials finish list
☑ Detailed justification of why items need to be altered, added on to, or newly constructed
☑ Historic photographs of the site and building
☑ Photographs of site and building as they exist today
☑ Scaled drawings including, but not limited to:
  ☑ existing and proposed site plan showing all property lines, easements, setbacks, changes and landscape features
  ☑ existing and proposed floor plans
  ☑ existing and proposed elevations
  ☑ existing and proposed cross sections and other details as needed
  ☑ material samples and colors for roofing, siding, and trim
  ☑ complete list and specific information on all exterior materials (windows, doors, garage doors, exterior lighting and fencing) including manufacturer's name, brochure, colors, textures and finish / materials
  ☑ statement of impact of the new construction/additions/alterations on surrounding properties and buildings such as architectural character, building scale, vehicular and pedestrian traffic, mass, form, proportion, configuration, location on site, landscaping and visual appearance
☑ the time frame for the project including an approximate start date, exterior completion date, landscaping completion date, and occupation date
☑ Color exterior elevation and/or rendering of the proposed building, addition and / or alteration
☑ New construction or a substantial addition requires a streetscape view (to scale) with the proposed new project inserted

Proposed Replacement Projects:
☑ Completed Application for Determination of Appropriateness
☑ Synopsis: description of the project in words
☑ Completed materials finish list
☑ Detailed justification of why item(s) need to be replaced
☑ Historic photographs of the site and building
☑ Photographs of the existing materials proposed for replacement or maintenance and repair
☑ Photographs of existing site and building with proposed changes indicated
☑ Description of existing material and color (provide sample if possible)
☑ Manufacturer's brochures, data sheets, color samples, material samples of proposed materials to be used and what they are replacing

Window Replacement:
☑ The information listed under Proposed Replacement Projects as well as:
☑ Number of windows to be replaced
☑ Dimensions of all windows especially frame width and thickness
☑ Photographs of all four sides of the existing building indicating affected windows
☑ Photographs of other projects incorporating these replacement components
Door and Garage Door Replacement:
- The information listed under Proposed Replacement Projects as well as:
  - Number of doors to be replaced
  - Dimensions of all doors especially frame width and thickness
  - Photographs of all four sides of the existing building indicating affected doors
  - Photographs of other projects incorporating these replacement components

Roof Replacement:
- The information listed under Proposed Replacement Projects as well as:
  - Material samples (for asphalt shingles, a 3"x3" piece is sufficient)
  - Dimensions of proposed replacement roof
  - Detailed description of proposed work, including related work such as gutters, soffit and fascia
  - Photographs of other projects incorporating these replacement components

Siding Replacement:
- The information listed under Proposed Replacement Projects as well as:
  - Material samples
  - A set of scaled and dimensioned elevations
  - Dimensions of proposed replacement siding
  - Detail description of proposed work, including related work such as trim and details
  - Photographs of other projects incorporating these replacement components

Sign and Awning Installation/Replacement:
- Completed Application for Determination of Appropriateness
- Synopsis: description of the project in words
- Completed materials finish list
- Detailed justification of why signs/awnings need to be replaced/installed
- Historic photographs of the site and building
- Photographs of site and building as they exist today
- Number / letter, font size, color and material sample
- Scaled and dimensioned drawing of the front and side elevations indicating size and location of the proposed signage / awning
- Scaled cross-section drawing of building elevation indicating proposed signage / awning
- Detailed description including the colors, materials and location(s) of existing signs
- Identification of all materials to be used in the construction of the sign and / or awning
Fence, Paving, Walls, Landscaping Installation / Removal:
- Completed Application for Determination of Appropriateness
- Synopsis: description of the project in words
- Completed materials finish list
- Detailed justification of why item(s) need to be installed/removed
- Historic photographs of the site and building
- Photographs of site and building as they exist today
- Scaled and dimensioned site plan showing:
  - existing lot lines
  - existing buildings
  - location and dimensions of existing and proposed sidewalks, driveways, fencing (including height), landscape materials and other landscape features
  - location of the adjacent structures
- Photographs of the existing site with proposed changes indicated
- Material and color samples from fencing, walls, paving
- Brochure(s) showing fencing and other manufactured landscape items proposed

Porch Reconstruction and Other Repairs:
- Completed Application for Determination of Appropriateness
- Synopsis: description of the project in words
- Completed materials finish list
- Detailed justification of why item(s) need to be reconstructed/repaired
- Historic photographs of the site and building
- Photographs of the site and building as they exist today
- Description of existing materials and property
- A description of the proposed replacement materials and colors (including samples if possible)
- A set of scaled and dimensioned drawings that include:
  - existing and proposed site plan showing all changes
  - existing and proposed floor plans
  - existing and proposed elevation
  - existing and proposed sections and other details as needed

Paint Color Change:
- Completed Application for Determination of Appropriateness
- Synopsis: description of the project in words
- Completed materials finish list
- Historic photographs of the site and building
- Photographs of the site and building as they exist today
- Samples of the proposed paint color (i.e., paint chips) and a list of locations where paint color will be applied, along with photographs and / or diagrams showing locations
Building Cleaning:

- Completed Application for Determination of Appropriateness
- Synopsis: description of the project in words
- Completed materials finish list
- Historic photographs of the site and building
- Photographs of the site and building as they exist today
- A description of the cleaning method, including the names of chemicals and the pressure of any washes or application(s)
- Brochures for cleaning agents
- A description of the surface treatment after cleaning (i.e. material, color, brick/mortar)
Address: 583-585 W. Ann Arbor Trail
Commonly Known As: Jewell Blaich Hall
Year Built: 1926
Historical Significance: Architecture

Standards for Rehabilitation

1. A property will be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.
2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property will be avoided.
3. Each property will be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.
4. Changes to a property that have acquired historic significance in their own right will be retained and preserved.
5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved.

10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
Sec. 18-654. - Duties and powers.

(a) It shall be the duty of the historic district commission to review all plans for the construction, addition, alteration, repair, moving, excavation or demolition of structures in the historic district and it shall have the power to pass upon such plans before a permit for such activity can be granted. In reviewing the plans, the commission shall follow the U.S. Secretary of the Interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, as set forth in 36 CFR 67, or their equivalent as approved or established by the state bureau of history of the department of state, and shall also give consideration and significance to:

(1) The historical or architectural value and significance of the historic resource and its relationship to the historic value of the surrounding area;

(2) The relationship of the exterior architectural features of such historic resource to the rest of the resources and to the surrounding area;

(3) The general compatibility of the exterior design, arrangement, texture and materials proposed to be used;

(4) To any other factor, including aesthetics, which it deems pertinent;

(5) The proposed major changes to open spaces in a historic district. The HDC shall review plans for major changes to these open spaces, such as the removal of large trees (over 12 inches in diameter as measured four feet above ground) or the making of major contour changes in terrain features. The HDC may use its discretion to decide if proposed changes are major in nature or not.

(b) The HDC shall review and act upon exterior features of a resource, and shall not review and act upon interior arrangements unless interior work will cause visible changes to the exterior of the historic resource. The HDC shall not disapprove applications except in regard to considerations as set forth in subsection (a) of this section.

(c) The HDC may delegate the issuance of certificates of appropriateness for specified minor classes of work to its staff, to the inspector of buildings, or to another delegated authority. The HDC shall provide to such delegated authorities specific written standards for issuing the certificates of appropriateness under this subsection. Such delegated authorities shall come before the next regularly scheduled HDC meeting and the HDC shall review the certificates of appropriateness so issued. These reviews are to serve the purpose of keeping the HDC informed as to what certificates of appropriateness for minor work have been issued since the last HDC meeting. On a quarterly basis, the HDC shall review the certificates of appropriateness, if any, issued by the aforesaid delegated authority to determine whether or not the delegated responsibilities should be continued.

(d) In case of an application for work affecting the appearance of a resource or for the alteration, moving or demolition of a resource which the commission deems so valuable to the city that the loss thereof will adversely affect the public purpose of the city, the historic district commission shall endeavor to work out with the owner an economically feasible plan for preservation of the historic resource.
Sec. 18-654. - Duties and powers.
(a) It shall be the duty of the historic district commission to review all plans for the construction, addition, alteration, repair, moving, excavation or demolition of structures in the historic district and it shall have the power to pass upon such plans before a permit for such activity can be granted. In reviewing the plans, the commission shall follow the U.S. Secretary of the Interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, as set forth in 36 CFR 67, or their equivalent as approved or established by the state bureau of history of the department of state, and shall also give consideration and significance to:
   (1) The historical or architectural value and significance of the historic resource and its relationship to the historic value of the surrounding area;
   (2) The relationship of the exterior architectural features of such historic resource to the rest of the resources and to the surrounding area;
   (3) The general compatibility of the exterior design, arrangement, texture and materials proposed to be used;
   (4) To any other factor, including aesthetics, which it deems pertinent;
   (5) The proposed major changes to open spaces in a historic district. The HDC shall review plans for major changes to these open spaces, such as the removal of large trees (over 12 inches in diameter as measured four feet above ground) or the making of major contour changes in terrain features. The HDC may use its discretion to decide if proposed changes are major in nature or not.
(b) The HDC shall review and act upon exterior features of a resource, and shall not review and act upon interior arrangements unless interior work will cause visible changes to the exterior of the historic resource. The HDC shall not disapprove applications except in regard to considerations as set forth in subsection (a) of this section.
(c) The HDC may delegate the issuance of certificates of appropriateness for specified minor classes of work to its staff, to the inspector of buildings, or to another delegated authority. The HDC shall provide to such delegated authorities specific written standards for issuing the certificates of appropriateness under this subsection. Such delegated authorities shall come before the next regularly scheduled HDC meeting and the HDC shall review the certificates of appropriateness so issued. These reviews are to serve the purpose of keeping the HDC informed as to what certificates of appropriateness for minor work have been issued since the last HDC meeting. On a quarterly basis, the HDC shall review the certificates of appropriateness, if any, issued by the aforesaid delegated authority to determine whether or not the delegated responsibilities should be continued.
(d) In case of an application for work affecting the appearance of a resource or for the alteration, moving or demolition of a resource which the commission deems so valuable to the city that the loss thereof will adversely affect the public purpose of the city, the historic district commission shall endeavor to work out with the owner an economically feasible plan for preservation of the historic resource.
Sec. 18-654. - Duties and powers.
(a) It shall be the duty of the historic district commission to review all plans for the construction, addition, alteration, repair, moving, excavation or demolition of structures in the historic district and it shall have the power to pass upon such plans before a permit for such activity can be granted. In reviewing the plans, the commission shall follow the U.S. Secretary of the Interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, as set forth in 36 CFR 67, or their equivalent as approved or established by the state bureau of history of the department of state, and shall also give consideration and significance to:
   (1) The historical or architectural value and significance of the historic resource and its relationship to the historic value of the surrounding area;
   (2) The relationship of the exterior architectural features of such historic resource to the rest of the resources and to the surrounding area;
   (3) The general compatibility of the exterior design, arrangement, texture and materials proposed to be used;
   (4) To any other factor, including aesthetics, which it deems pertinent;
   (5) The proposed major changes to open spaces in a historic district. The HDC shall review plans for major changes to these open spaces, such as the removal of large trees (over 12 inches in diameter as measured four feet above ground) or the making of major contour changes in terrain features. The HDC may use its discretion to decide if proposed changes are major in nature or not.
(b) The HDC shall review and act upon exterior features of a resource, and shall not review and act upon interior arrangements unless interior work will cause visible changes to the exterior of the historic resource. The HDC shall not disapprove applications except in regard to considerations as set forth in subsection (a) of this section.
(c) The HDC may delegate the issuance of certificates of appropriateness for specified minor classes of work to its staff, to the inspector of buildings, or to another delegated authority. The HDC shall provide to such delegated authorities specific written standards for issuing the certificates of appropriateness under this subsection. Such delegated authorities shall come before the next regularly scheduled HDC meeting and the HDC shall review the certificates of appropriateness so issued. These reviews are to serve the purpose of keeping the HDC informed as to what certificates of appropriateness for minor work have been issued since the last HDC meeting. On a quarterly basis, the HDC shall review the certificates of appropriateness, if any, issued by the aforesaid delegated authority to determine whether or not the delegated responsibilities should be continued.
(d) In case of an application for work affecting the appearance of a resource or for the alteration, moving or demolition of a resource which the commission deems so valuable to the city that the loss thereof will adversely affect the public purpose of the city, the historic district commission shall endeavor to work out with the owner an economically feasible plan for preservation of the historic resource.
Historic District Commission Sample Resolution

The following resolution was offered by Commissioner ______________ and seconded by Commissioner ______________:

WHEREAS The City of Plymouth Historic District Commission has reviewed the request for a Certificate of Appropriateness for Jewell Maple Development, Case H19-06 and determined that the buildings involved are both contributing and non-contributing structures, and

WHEREAS The City of Plymouth Historic District Commission has determined that the proposed demolition and alterations comply with the application of the Secretary of Interior Standards numbers: __, __, __, and City of Plymouth Ordinance 18-654 subsections: __, __, __, and

WHEREAS The City of Plymouth Historic District Commission requires the following conditions:

NOW THEREFORE BE IT RESOLVED THAT THE CITY OF PLYMOUTH HISTORIC DISTRICT COMMISSION HEREBY APPROVES THE PROPOSED PROJECT H19-06 FOR THE ISSUANCE OF A CERTIFICATE OF APPROPRIATENESS REFERENCING THE SECRETARY OF INTERIOR STANDARDS NUMBERS: ____, ________, ________, AND CITY OF PLYMOUTH ORDINANCE 18-654 SUBSECTIONS: ____, ________, ________.

NOW THEREFORE BE IT RESOLVED THAT THE CITY OF PLYMOUTH HISTORIC DISTRICT COMMISSION REQUIRES THE FOLLOWING CONDITIONS TO BE ATTACHED TO THE CERTIFICATE OF APPROPRIATENESS FOR H19-06:
APPLICATION FOR DETERMINATION OF APPROPRIATENESS

Please consult the following submittal checklist to ensure you submit a complete application and supporting information about the type of work proposed.

Property Location (Address of Work): Downtown Plymouth - site TBD - proposed

- ☐ Contributing Structure
- ☑ Non-Contributing Structure

Building Owner: DIA - DDA - Plymouth Community Arts Council

Building Owner Address: 774 N. Sheldon, Plymouth, MI 48170

Phone: 734.416.4270 Email: Lisa@plymoutharts.com

Applicant: Lisa Howard (PCAIC), Charles Garling (DIA), Tony Brusefield (DDA)

Phone: 734.416.4270 Email: Lisa@plymoutharts.com

Applicant’s Role: ☐ Building Owner ☑ Architect ☐ Contractor ☑ Other Community Partner

TYPE OF WORK PROPOSED (Check all that apply):

- ☐ New Construction
- ☐ Addition
- ☐ Alteration
- ☐ Window Replacement
- ☐ Door Replacement
- ☐ Roof Replacement
- ☐ Siding Replacement
- ☐ Sign / Awning Install / Replacement
- ☐ Fence Install / Replacement
- ☐ Paving Install / Replacement
- ☐ Wall Install / Replacement
- ☐ Landscaping Install / Replacement
- ☐ Porch
- ☐ Reconstruction/Repair
- ☐ Paint Color Change
- ☐ Building Cleaning
- ☑ Other Sculpture Installation

Application Deadline: The Historic District Commission typically meets the first Wednesday of each month. Please confirm meeting date as meeting schedules may change due to holidays or other unforeseen circumstances. Application material must be completed and submitted to the Community Development Department by 3:00PM on the third Monday of the previous month in order to be placed on the agenda for the following month’s meeting. Please check the city’s website for exact submission deadlines.

PLEASE PROVIDE TEN (10) COPIES OF ALL SUBMITTALS
Submittal must include index of sheets (what is included) and all sheets must be numbered and dated.

Lisa Howard 12/19/2019
Applicant’s Signature Date

I, as the Building Owner, confirm with my signature below that I am aware of and approve the work proposed.

December 17, 2019

Dear Plymouth City Manager, Historic District Commission and other interested individuals:

On December 9, 2019, Lisa Howard, Executive Director of the PCAC, Charlie Garling from the Detroit Institute of Arts, and Sculptor Vito Valdez presented a Community Partnership Public Art sculpture project to the Plymouth DDA Board. The Board reviewed the submission and is supportive of the collective group (DIA, DDA and PCAC) moving through the process toward implementation.

Please find attached the Application for Determination of Appropriateness and statement addressing the issues related to the Establishment of a Monument (section 9).

We hope to present the project in detail and take commission questions at the January 9, 2020 HDC meeting.

Thank you,

Lisa Howard
Executive Director

Lisa Howard, Executive Director, Plymouth Community Arts Council 734-416-4278 lisa@plymoutharts.com

Introduction: Earlier this year, we were contacted by the DIA to explore a potential partnership to co-create a work of public art in Plymouth together with the Plymouth community. The DIA is planning on working on two of these projects in Wayne County, and we would like one of those partnerships to be with us!

This is the second year of the DIA's Community Art Partnership Program, where the DIA works with cities and local organizations to help people explore, express, and strengthen their sense of community through a communal art-making experience.

Past and current partners of this program include the Clarkston Cultural Arts Council, Detroit's Osborn Neighborhood Alliance, and the City of Sterling Heights and the Sterling Heights Police Department.

Siting of the sculpture: After exploring many locations for this public art piece in our city, we have selected a potential city-owned venue with high visibility and lots of foot traffic. The location at the corner of Ann Arbor Trail ** and Union/Deer Street marks the eastern gateway into our city, across from the former Saxton’s property. A public art piece here would serve as a great source of pride, a landmark gathering place, and an ideal welcome into the Kellogg Park business and event district. **a historic native Potowatami trail

Renderings: The attached hand renderings are the artist's design concept of a sculptural planter and include references to our Plymouth heritage. These concepts listed below were taken from community responses to a DIA partnership survey distributed earlier this year by the DDA and PCAC via our electronic mailing lists, websites and physical locations. The results were collected and tabulated by Charles Garling at the DIA.
Description of renderings: The inside trellis design reflects railroads and auto industry, with a birdlike 1939 Plymouth car hood ornament center crest. Bottom shelves have locomotive and auto with factory illustrations. Columns made with Daisy factory bricks alongside native stone and rock. The planter will be made of concrete with tile leaves in mosaic all around. The leaf tiles would be created by Plymouth community members in the DIA studios and at the Plymouth Community Arts Council.

Materials:
Steel, concrete, Daisy Factory brick*, high fire ceramic stoneware, chrome hood ornament, plants, flowers, earth and stone

Additional Community Partners: Brick will be sourced through Plymouth Preservation Network per Wendy Harless, wmharless@gmail.com

Detroit Hot Rod has also pledged their support

Rendering references will be researched through the Plymouth Historical Museum and Plymouth District Library

The costs for the project will be paid for by the DIA
Proposing and Establishing an Art Sculpture Monument in the City of Plymouth
A Community Arts Partnership - Detroit Institute of Arts, Plymouth Community Arts Council
& Plymouth Downtown Development Authority
Document prepared by Lisa Howard, PCAC

Section 9

9.2 Type of Monument

c. This will be an artistic monument installed in the City of Plymouth’s Kellogg Park north triangle property in front of the Wilcox House sidewalk. This will be a major, one-of-a-kind item, donated by the DIA which will carry a plaque identifying the donation and community partners. In addition to the plaque, information about the sculpture will be written by the PCAC and made available to all interested entities for use on their webpages in reference to the art piece.

9.3 Subject of Monument

a. This piece will represent the city (people and places) of Plymouth in artistic form, specifically our past, present and future. Please see the list of materials and their significance attached. Companion programming is planned for school groups, families, and visitors to be able to engage with the sculpture in a purposeful way.

Materials List:

Brick – Sourced through Wendy Harless and the Plymouth Preservation Network – these will be 1880s vintage Daisy Factory bricks (JSH John Smith Haggerty, Plymouth/Canton manufacturer)

Metal – the trellis part of the piece will be made of manipulated metal (Detroit Hot Rod)

Stone – locally sourced from the natural Plymouth, Michigan land – a nod to both the Native Potawatami and original settlers to our area of Michigan

Living vines/plant material – A metaphor for the growth of our community. Vines will root, climb and intertwine, blossom and so shall we. It is proposed that the living elements of the sculpture be maintained as part of the Plymouth DDA Planter Program, or under a sponsorship agreement by one of our local garden clubs.

Community-made leaf tiles and pottery illustrative pieces – Pottery clay tiles made by Plymouth people of all ages will be arranged to form a mosaic clad vessel near the base of the sculpture. Each tile will have a leaf impression on it, made by pressing a leaf from our Plymouth neighborhoods into the high-fire clay before firing. Pottery pieces will be made, glazed and fired at the DIA art studios and/or at the Plymouth Community Arts Council; this will be a true, hands-on community-made initiative. There will also be train and industry related pottery relief pieces. Samples will be provided.

1939 Plymouth Automobile hood ornament – This hood ornament will artistically represent the overall automobile manufacturing industry and the lifestyle it supported for many early (and current!) residents of our community. From Wikipedia..."The 1939 convertible coupe was prominently featured at Chrysler's exhibit at the 1939 New York World's Fair, advertised as the first mass-production convertible with a power folding top." Sales of the Plymouth automobile were one of the few manufacturing bright spots during the Depression.

9.4 Presentation

c. This project proposal is being presented by The Detroit Institute of Arts and the Plymouth Community Arts Council with permission from their organizations and Board of Directors. In addition, the project was presented to the Plymouth DDA Board on Monday, December 9, 2019.
9.5 Contents

a. Statement for Justification – Please see the narrative prepared by the Detroit Institute of Arts

b. Compliance, 9.2, 9.3 and 9.4 addressed above

c. Description of project – Please see complete project packet prepared by the DIA, including: site plan, nearby objects. Adjacent properties include: Wilcox House, Max & Bella’s, tenant; Stan Dixon (Dickson?, property owner); Raymond James (tenant, Wilcox House); City-owned former Saxton’s property.

d. Construction and maintenance finance plan - This project construction will be financed by the Detroit Institute of Arts. Insurance after installation should be covered by the City’s blanket municipality insurance policy. This will of course need to be confirmed. It is our plan to use materials that will perform well in our changing seasonal weather. Occasional routine maintenance and cleaning of the structure would be the responsibility of the City of Plymouth. In case there are special cleaning circumstances, the sculptor would be consulted. The Plymouth Community Arts Council will continue to be involved in any aspect of the exhibition of the sculpture as needed.

9.6 Procedure for Authorizing a Monument

d. Located in the DDA District: This project has initial approval from the Plymouth DDA Board to engage in the process of being approved by everyone else.

e. Located in the Historic District: Currently engaged in getting approval to be included on the agenda for the January 9, 2020 HDC meeting.
Partners in Public Art

A partnership between the community of Plymouth and the Detroit Institute of Arts

Synopsis

The Detroit Institute of Arts wishes to partner with the Plymouth community to create a work of public art in downtown Plymouth that reflects their community. The DIA's Partners in Public Art program provides resources, funding, and expertise to create works of public art which are funded through the tri-county millage. Funding expires at the end of each calendar year.

Based on 82 responses from a 2019 online survey disseminated by the Plymouth Community Arts Council, the Plymouth community expressed interest in the following:

- Respondents enjoy seeing sculptures, murals, and interactive art
- Respondents desire a family-friendly sculpture or mural that reflects the community
- Respondents think the community can best be represented with depictions of history, family, and/or music. Native people/Native Americans was mentioned a few times, along with the historic Windmill)
Location

Numerous locations were considered:

Based on community survey results, conversations with residents, and input from the Plymouth Community Arts Council, the DIA proposes a sculpture on the Northeast corner of West Ann Arbor Trail and South Union Street, across the street from Kellogg Park.
The proposed project is a freestanding sculptural planter that reflects aspects of Plymouth's history, flora, historic train station, and Daisy Factory bricks from the Plymouth Preservation Network Trust. Materials for this planter include steel, brick, cinder blocks, stone, chrome, clay leaf impressions made by the community, and mortar. Below are sketch renderings from different angles and dimensions:
While actual planter will invariably look different, this Photoshopped version of the marker sketch overlaid on the site location gives a general idea:
Dedication Sign

The work will have a dedication sign that will include the City of Plymouth logo and the Detroit Institute of Arts logo, and will read similar to the following:

TITLE
ARTIST
SEASON AND YEAR
This sculpture is a collaboration between the Detroit Institute of Arts and the City of Plymouth through the Partners in Public Art program. It was made possible by generous voter investment in the tri-county millage for the purpose of enriching the quality of life in Wayne County.
In Grateful Appreciation to:
(project stakeholders)

Timeline

The creation process will take 8-10 weeks at an offsite location, and installation can occur when the weather breaks in Spring, 2020.

Community Involvement

Beyond the surveys, community members will be invited to create clay tiles at the Plymouth Community Arts Council which will be installed on the sculptural planter.

City of Plymouth General Rules and Regulations

9.2 TYPES OF MEMORIALS AND MONUMENTS.
e. A major one-of-a-kind item, or a major financial portion of the cost of a one-of-a-kind item, which is proposed to be donated by an individual or an organization, and which would carry a plaque or other means of identification acknowledging such donation.

This sculptural planter is a one-of-a-kind item which will incorporate a plaque acknowledging the partnership between the City of Plymouth and the Detroit Institute of Arts. This project is funded by the tri-county millage for the purpose of enhancing the quality of life in Wayne County.

9.5 CONTENTS OF A PROPOSAL FOR A MEMORIAL OR MONUMENT.
The written proposal for establishing a memorial or monument shall include the following:
a. A statement presenting the justification for the proposed memorial or monument. This would include a description of the historic event, or the contributions of the person or organization being memorialized, along with supporting documentation.

The purpose of this sculptural planter is to represent and celebrate the Plymouth community in a unique, artistic way. As this is a work of public art and not specifically a monument, its purpose
may not fall directly in line with section 9.5, the aspirations and purpose of this project are about the Plymouth community, for the Plymouth community.

b. A statement about the proposal’s compliance with Sections 9.2, 9.3 and 9.4 of this policy.

The work of public art is a one-of-a-kind item (9.2) of historical proposed by the Detroit Institute of Arts (9.4) that incorporates materials of historical significance (9.3) to the heritage of Plymouth, including Daisy Factory bricks, a Plymouth automobile hood ornament, train references, and community-made leaf tile pieces made with leaves from residents' own trees.

c. A description of the proposed memorial or monument, including a site plan showing the placement of the proposed memorial or monument in relation to existing and proposed streets, sidewalks, landscaping, utilities, and other nearby monuments and other objects, as appropriate; the design of the proposed memorial or monument, including any words, pictures or other symbols proposed to be on it; and the property owners adjacent to the proposed site.

See “Project” section above.

d. A plan for financing the construction and maintenance of the proposed memorial or monument.

The construction of the sculpture is funded through the tri-county millage. Maintenance of the sculpture lies within the ambit of the City of Plymouth.

Clay tiles with leaf imprints will be a part of the sculpture
Dedication ceremony

Partners in Public Art collaborations conclude with a dedication ceremony at each project location. These are wonderful, celebratory events for project stakeholders, participants, and local and county officials who often give remarks. Below are images of past dedications:

*DIA Director Salvador Salort-Pons speaking at a dedication ceremony for a community mural in Romeo*
Project stakeholders and local, county, and state politicians

Unveiling in progress
A crowd gathers at a dedication ceremony in for a community mural in Clawson

DIA Senior Vice President for Public Affairs, Dave Flynn, speaking at the event
Project stakeholders from Detroit's Osborn Neighborhood Alliance at their sculpture dedication
Clarkston Cultural Arts Council who collaborated with us on a public art project in Clarkston

Public art brings communities together
Sec. 18-654. - Duties and powers.

(a) It shall be the duty of the historic district commission to review all plans for the construction, addition, alteration, repair, moving, excavation or demolition of structures in the historic district and it shall have the power to pass upon such plans before a permit for such activity can be granted. In reviewing the plans, the commission shall follow the U.S. Secretary of the Interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, as set forth in 36 CFR 67, or their equivalent as approved or established by the state bureau of history of the department of state, and shall also give consideration and significance to:

(1) The historical or architectural value and significance of the historic resource and its relationship to the historic value of the surrounding area;
(2) The relationship of the exterior architectural features of such historic resource to the rest of the resources and to the surrounding area;
(3) The general compatibility of the exterior design, arrangement, texture and materials proposed to be used;
(4) To any other factor, including aesthetics, which it deems pertinent;
(5) The proposed major changes to open spaces in a historic district. The HDC shall review plans for major changes to these open spaces, such as the removal of large trees (over 12 inches in diameter as measured four feet above ground) or the making of major contour changes in terrain features. The HDC may use its discretion to decide if proposed changes are major in nature or not.

(b) The HDC shall review and act upon exterior features of a resource, and shall not review and act upon interior arrangements unless interior work will cause visible changes to the exterior of the historic resource. The HDC shall not disapprove applications except in regard to considerations as set forth in subsection (a) of this section.
(c) The HDC may delegate the issuance of certificates of appropriateness for specified minor classes of work to its staff, to the inspector of buildings, or to another delegated authority. The HDC shall provide to such delegated authorities specific written standards for issuing the certificates of appropriateness under this subsection. Such delegated authorities shall come before the next regularly scheduled HDC meeting and the HDC shall review the certificates of appropriateness so issued. These reviews are to serve the purpose of keeping the HDC informed as to what certificates of appropriateness for minor work have been issued since the last HDC meeting. On a quarterly basis, the HDC shall review the certificates of appropriateness, if any, issued by the aforesaid delegated authority to determine whether or not the delegated responsibilities should be continued.

(d) In case of an application for work affecting the appearance of a resource or for the alteration, moving or demolition of a resource which the commission deems so valuable to the city that the loss thereof will adversely affect the public purpose of the city, the historic district commission shall endeavor to work out with the owner an economically feasible plan for preservation of the historic resource.

**SAMPLE MOTION LANGUAGE**

1. **Motion to Approve Application**
   I move that the Commission issue a Certificate of Appropriateness for application number __. The Findings of Fact are as follows: (list facts of finding). The work as proposed meets the Secretary of the Interior’s Standards for Rehabilitation standard number(s) __ and would give consideration and/or significance to the City of Plymouth Ordinance review criteria number(s) __. Vote “Yes” to approve application. Vote “No” to deny application.

2. **Motion to Approve Application with Conditions**
   I move that the Commission issue a Certificate of Appropriateness for application number __, provided that the following conditions are met: (list conditions). The Findings of Fact are as follows: (list facts of finding). The work would then meet the Secretary of the Interior’s Standards for Rehabilitation, standard number(s) __ and would give consideration and/or significance to the following City of Plymouth Ordinance review criteria number(s) __. Vote “Yes” to approve application with conditions. Vote “No” to deny application with conditions.

3. **Motion to Postpone Review**
   I move that the Commission Postpone Review of application number __ until the next regular meeting scheduled for __. Vote “Yes” to approve postponing the review. Vote “No” to deny postponing the review.

4. **Motion to Deny Application**
   I move that the Commission issue a Certificate of Appropriateness for application number __. The Findings of Fact are as follows: (list findings of facts that do not warrant the project’s approval). The work as proposed does not meet the Secretary of the Interior’s Standards for Rehabilitation, standard number(s) __ and would not give consideration
and/or significance to the following City of Plymouth Ordinance review criteria number(s) __. Vote “No” to deny the application. Vote “Yes” to approve the application.

Note: Voting “No” to positively framed motion is the easiest way to deny an application’s request for a Certificate of Appropriateness. FYI: Making a motion for approval and then voting “No” to deny is the same as making a motion to deny an application and then voting “Yes”.

5. Motion to Issue a Notice to Proceed
May be used in special conditions or emergencies.
I move that the Commission issue a Notice to Proceed for application number __. The Findings of Fact are as follows: (list facts of finding). The work as proposed does (not) meet the Secretary of the Interior's Standards for Rehabilitation, standard number(s) __ and would (not) give consideration and/or significance to the following City of Plymouth Ordinance review criteria number(s) __. The work which is approved with this Notice to Proceed is as follows: (list approved work). The work that is not approved/not appropriate requires the following conditions to be met: (list conditions). The proposed work will substantially improve or correct the following: (list notice to proceed options). Additional work desired which is not approved within this Notice to Proceed is to be resubmitted for a Certificate of Appropriateness. Vote “Yes” to approve notice to proceed. Vote “No” to deny notice to proceed.
